An extra large choice of styles and colors. They have  
narrow brims or off-the-face shapes and are prettily  
trimmed. Sizes for girls 4 to 14 years.

## Men's English Raincoats

Splendid Values at \$6.00

They are fine twill cloth with rubber lining, all  
around belt and military collar. Sizes 36 to 42.  
Colors fawn, grey and navy.

F. E. McLeod

**BAPTIST CHURCH**

Mrs. G. L. McKenny will give an address at 7:30.

Mrs. McKenny has been in attendance at the Clive W.C.T.U. Convention, and will be a welcome visitor to Lacombe. Hear her at the Baptist Church.

Sunday School and Bible Classes. Mother's Day program at 11 a.m. The gold and silver plaques are on their journey round the world. Come and see them.

The last meeting of the B.Y.P.U. for this season will be held Monday at 8 p.m. Question night. Everybody welcome.

Prayer meeting Thursday at 8 p.m.

**ST. ANDREW'S UNITED CHURCH**

Rev. R. B. Layton, B.D., Minister. Services at 11 a.m. and 7:30 p.m. The Anniversary services were well attended and Dr. Hollingsworth received a hearty welcome from his friends in Lacombe.

Next Sunday is Mother's Day, and Mrs. Louise C. McKinney, of Calgary will speak at the morning service, at which a special program will be followed. A mother-and-daughter parade will be held in the evening, following the mother-and-daughter banquet.

**THE CHURCH OF ENGLAND****IN CANADA****Diocese of Calgary**

St. Cyprian's Church, Lacombe. Rector: The Rev. T. H. Chapman. May 11th, 3rd Sunday after Easter. Mother's Day. 10:00 a.m. Sunday School. 11:00 a.m. Holy Communion. 8:30 p.m. Evening Prayer. (Special Music at Evening Service) Friday, May 23rd.

Keep this date open. There will be an "Apple Blossom Dance" in the Comet Theatre under the auspices of the Lacombe Branch of the Anglican Young People's Association. Music by the "Star" 5-piece orchestra.

Please note—Bishop Sherman has kindly promised to be here again in the early Autumn after his return from the Lambeth Conference. Confirmation Candidates are now being enrolled. Do you know that there should and could be a class of about 40. YOU may be included in that number.

**ANNOUNCEMENT BY****J. R. MACKIE**

J. R. Mackie, of Alia, Alberta, at the urgent request of his many friends, throughout the Lacombe riding, announces himself as an independent candidate for the Lacombe Constituency in the forthcoming Provincial Election. As such he solicits the support of those electors throughout the riding who are opposed to Group or Class Government and pledges himself to support the measures which are in the best interests of all classes within the Province irrespective of their occupation.

**DEATH OF H. R. HALPIN**

Henry Ross Halpin, eldest son of the late Rev. Prof. W. H. Halpin, Trinity College, Dublin, Ireland, and Huron College, London, Ont., died at his home in Winnipeg, on Monday last, very suddenly. He was born in Dublin, seventy-four years ago, and came to Canada with his parents in 1864. When a youth he entered the employ of the Hudson's Bay Co., and was with that company forty years. Later he took a position with the Indian Department, and at the time of his death was an Inspector with the Manitoba Educational Department.

He leaves in his immediate family three brothers: C. B. Halpin, of Lacombe; H. F. Halpin, of Detroit; and W. D. Halpin, Barrister, of Los Angeles, Cal. He also leaves his wife and five children, all residing in Manitoba.

**APPLE BLOSSOM DANCE**

What promises to be one of the most beautiful dances of the season will take place on May 23rd. The Anglican Young People's Association of St. Cyprian's Church, Lacombe are now making extensive preparations for this event, so it is something for dancers of Lacombe and district to look forward to. Apple blossoms will be the decoration scheme, and the hall will be transformed into a veritable apple orchard in full bloom. Watch for further announcements next week.

**DIED—DELONG**

The death occurred on Sunday, May 4th of David George Delong, infant son of Mr. and Mrs. G. E. Delong, of Lacombe, age 9 months and 11 days. Funeral service was held on Tuesday, May 6th from the home, Rev. R. B. Layton officiating. The sincere sympathy of Lacombe and district is extended to the bereaved family.

**SPRUCVILLE**

A 2-act play entitled "That's One on Bill," will be presented in Spruceville, on Friday, May 16th. This was played in Lincoln Hall in March and is well worth seeing.

**J. R. MACKIE WILL RUN AS****INDEPENDENT**

In another column a notice by Mr. J. R. Mackie, of Alia, that he has decided to offer himself as an Independent Candidate in the pending Provincial Election is interesting news at the present time. Mr. Mackie has been a resident of the District for the past 26 years and is an outstanding man in his community.

Besides being the owner of several farms he has also dealt extensively in livestock and grain. He has been Reeve of Alia for

about ten years and has enjoyed the confidence of his town and district to an unusual degree.

**SPRUCVILLE NEWS**

The afternoon meeting of the U.F.W.A. will be held on Wednesday, May 14th at the home of Mrs. W. Burton. Roll call "Famous Musicians." A paper will be given by Mrs. Gottschlich on "The Place of Farm Women in the Home."

On Friday, May 2nd, Spruceville Hall was the scene of a very interesting gathering, when the U.F.A. the U.F.W.A., and immediate neighbors staged a surprise "banquet" in honour of Mr. and Mrs. Boden's 50th Wedding Anniversary. More than ninety people partook of the sumptuous supper at the pretty yellow and white tables. The host and hostess respectively were the President of the U.F.A. and U.F.W.A., Mr. J. B. Crocker and Mrs. H. Gottschlich. After supper the bride cut the bridal cake and appropriate toasts were proposed and answered, interspersed with musical items. Friends from Red Deer, Leduc and Edmonton were also present as were Mr. and Mrs. James Boden (Junior), previously located in this district. The gathering broke up about 11:30 and Mr. and Mrs. Boden left carrying the good wishes of all their friends and neighbors.

**A GOLDEN WEDDING**

On the 29th of April an interesting event occurred at the home of Mr. and Mrs. O. Burrows. Their children, grandchildren and a few old friends gathered to celebrate their 50th wedding anniversary.

A banquet was served to the guests, one long to be remembered for its bountifulness. It took two long tables, each centered by a beautiful wedding cake, to hold the guests. At the close of the banquet, James, the oldest son, in a most fitting address presented his parents with a chest of silver and some gold coins on behalf of himself, his sisters and brothers. Various gifts were presented by the other guests.

Their children were all present, the first family gathering in twenty years. They were: James, his daughter and son of Craigville; Mrs. Frank Howard, Settler; Mrs. Alex MacDonald, Loyalist; Mr. and Mrs. Len Porter and son, Oligwell; Mr. and Mrs. R. N. Sherrer and son, also of Oligwell; Mr. and Mrs. Stanley Burrows, Lacombe, and one married grandson, Ralph Tolman and wife, of Runney.

After a pleasant afternoon, another repast was served before they allowed their guests to depart. May they enjoy many more anniversaries.

**WEED CONTROL PROGRAMME**

The Alberta Department of Agriculture has now completed its plans for the weed control programme of 1930. Under the Field Crops Branch the

Province has been divided into fifteen districts. In each of these districts a Field Supervisor will be stationed. His duties will be to co-operate with the Weed Inspectors appointed by Municipal Councils, and in Local Improvement Districts, in general weed control work and the enforcement of The Noxious Weed Act. Farmers of the Province are urged to avail themselves of the services of these men. Their office contacts are being advertised in this issue.

Put in your guess on the Congoleum rug at Lacombe Furniture Store.

The regular monthly meeting of the Lord Lancelotti Chapter I.O.D.E. will be held on Monday evening, May 12th at the home of Mrs. Norman Carruthers.

The Lacombe Furniture Store is making special prices on beds, springs and mattresses for 10 days. They have a wonderfully large range and they are guaranteed.

Clare Bros. Jewell ranges, the line we have handled for years are niftier than ever and we want you to see them if in need of a range of any size—at the Lacombe Furniture Store.

"The Arrival of Kitty" will take place in Lacombe on May 10, at 8:15, in the Comet Theatre. The proceeds are for the camp for Boys and Girls at Meridian, British Columbia. The play will be put on at Clive on May 16th, and at Bentley on May 21st.

Come to Spruceville Hall, on May 16, to see the play "That's One on Bill," and to enjoy the dance afterwards. Good music by Clark's Orchestra. Further particulars next week.

**A WILL**  
that can't  
be broken

**An EXPERT**  
Executor  
without cost

A LIFE assurance policy is a will that needs no lawyer to explain and no judge to interpret.

It is clean, final, unbreakable.

If, instead of being paid in a lump sum, the proceeds of your policy are left with the Sun Life Assurance Company of Canada, you obtain, free of cost, the most expert fiduciary service in the world for your dependants.

Your assurance estate is conserved to meet obligations not fully matured at your death; to care for your wife; and to educate your children.

The earnings and any part of the principal can be paid over at regular designated intervals as desired.

Your modest funds are merged with those of a great corporation and share in the wonderful earnings from that Company's investments.

Your affairs can't be muddled by an incompetent neighbour executor.

NO RISK • NO WORRY • NO EXPENSE

The best way to create an estate, and the best way to conserve an estate, is by life assurance.

Consult a Sun Life representative for particulars.

### C. G. I. T. Banquet

Approximately 75 mothers and daughters attended the C.G.I.T. banquet, held in the Church Hall on Friday evening. Miss E. W. Gibb, Secretary of the C.G.I.T. Work Board was guest of honor. After the toast to the King, proposed by the toastmistress, Grace Vickers, a delightful little speech by Patsy Marshall expressed the appreciation of the daughters for their mothers. Very appropriate to the occasion was a beautiful solo by Florence Hall.

The Church, said Dorothy Dicks, in her impressive remarks, is not just a building; it is people sharing an ideal, and Rev. R. B. Layton, in his response also emphasized the fact that the things that are visible are not always the real things of life. The spirit of the Church is that which seeks in kindness, helpfulness and charity to serve others. The Church is Jesus Himself, and those who are loyal to Him are also loyal to whatever Church their faith and surroundings have brought them in touch with. Any man or woman who is serving in the Church has a true affection for Jesus. Mr. Layton closed with a few general remarks concerning the Boys and Girls Camp at Meridian Beach, which will open for girls on July 14th and close July 24th, the charge being \$7.00 for the ten days.

Kathleen Newton presented some splendid thoughts in her paper "What a girl gets out of C.G.I.T. and What she gets out of it." In summing up the four divisions of their work, she said the C.G.I.T. is so closely connected with the Church that there are hundreds of openings for the development of spiritual life; taking care of the intellectual side are studies in astronomy, literature and many kinds of handicraft, etc.; the physical welfare, which is so closely associated with one's mental well-being, is taken care of by health rules, camp life and various kinds of athletics; and as one's position in society depends largely upon the degree of development of the social instinct, this phase of their work is not neglected. On the other side of the question lies the fact that if we share with others our talents we are very sure to be helped by others; give to the world the best you have and the best will come back to you.

Miss Gibbly in an eloquent talk to the mothers, laid much stress upon the fact that the C.G.I.T. had their daughters only about three per cent. of their time, and that very little result could be expected from this, unless the leader's efforts are backed up by the home life. No one, she said, ever did a greater service for the world than the mother who is a "lover in action." The present day method of teaching, by which the girls are required to work out during the week, the lessons taught them on Sunday, is much to be commended over old-fashioned methods. The speaker emphasized the necessity of the mother retaining her daughter's confidence and to do this mothers must show more sympathy with and more interest in their girl's activities. Three things contributed to the barrier so often raised between mothers and their girls, i.e., censure instead of understanding, ridicule, and failure to give honest answers to questions.

But girls, also, said Miss Gibbly, need to learn that mother is just an older girl who has gone along the path ahead of them and who knows its pitfalls and steep places. Mrs. Sweet paid a high tribute to the leaders of the two groups here: Mrs. Aldwinckle and Miss Jagoe, who have been most faithful in their work with the girls.

## FREE...to every Canadian Farmer

"Weeds are to the soil what diseases are to the body. Both interfere with, and sometimes destroy, the natural functions of life. If weeds are permitted to multiply they quickly ruin crops and impoverish the farmer. Keep them out, but should they get in, act immediately. The longer the delay, the more difficult the cure."

Quoted from *Technical Review*  
Dept. of Agriculture Bulletin

EACH YEAR Sow Thistle, Wild Oats, Wild Mustard and other destructive weeds exact a tremendous sum, from the purse of the Canadian farmer. Each year they spread from province to province—infesting Canada's finest farm lands—ravaging crops—reducing farm profits by many millions of dollars.

Weed authorities agree that the situation has reached a stage where the farmer must destroy weeds. They also agree that in fighting and finally defeating this disease, the farmer must be his own doctor. Others may prescribe effective treatments, but the application of these treatments can be undertaken only by the owner of the land himself.

Realizing the need for immediate action and with the idea of assisting farmers everywhere, Imperial Oil Limited is preparing a free book which covers the whole problem of weed eradication. It tells in simple, understandable English how "weed disease" can be cured. By following its suggestions and adopting the principles enumerated in its pages, every

Canadian farmer can make great strides toward permanently abolishing the weed evil.

This book—"Weed Control"—was written by a practical farmer, the Hon. Duncan Marshall, former Minister of Agriculture for Alberta. It deals comprehensively with every phase of the weed question and contains detailed descriptions of weed-exterminating methods used by successful agricultural colleges, experimental farms and weed authorities in all parts of Canada.

A free copy of "Weed Control" will be sent you on request. Fill out and mail the attached coupon today.

IMPERIAL OIL LIMITED  
Please mail your free book "Weed Control" to me as soon as possible.

#### IMPERIAL OIL PRODUCTS FOR FARM USE

It is always good business to use the best gasoline, oils and greases. Poor petroleum products are wasteful. Imperial Oil Products cost less than unknown, inferior products because they render better service. Make sure of full value—buy "Imperial."

### World Trade Demoralized

These are hard days for the maintainers of peopled places on staple commodities. Wheat has behaved itself very badly, in spite of the most industrious efforts of government-aided associations of "orderly marketers", for some months past. Copper has now joined the slump, and from a price of eighteen cents as fixed by the orderly marketers has declined to fourteen cents. Rubber has fallen from \$2.00 to \$1.50, and is now selling at nearly 50 per cent. in a year, and the Dutch, who were responsible for smashing the British orderly marketing movement of a few years ago, are now making frantic efforts to do a little orderly marketing, or strictly speaking orderly tapping of their own. Brass is off in sympathy with wheat. Paper is not excepted.

It is tempting to conjecture that there is some connection between this widespread downward readjustment of prices and the violent dislocation of the natural current of trade which has resulted from the maintenance by the United States of a prohibitive tariff in face of the fact that it is now a heavily creditor country and ought to be receiving a large excess of imports. With a constantly increasing balance due to the United States which cannot be settled by shipment of goods, the debtor countries of Europe have only three possible means of relief. One, and the most obvious, is to cut down their needs for American products by increasing their own output of the same

articles, even though this may lead at first to a slight increase in apparent cost. The second is to do the same thing with products derived, not directly from the United States, but from countries which (like Canada) turn over to the United States most of the purchasing power arising from their sales of Europe. The third is to increase their exports, not to the United States since that is at present impossible, but to countries which themselves import heavily from the United States. All of these policies obviously tend toward at least a temporary state of world equilibrium.

HON. GEORGE HADLEY  
and all of them if successful will eventually show in a reduction of United States exports—which reduction is indeed absolutely imperative in the interests of a healthy state of world trade if the United States is to continue to refuse all imports except the rawest of raw materials.

#### LACOMBE GREEN HOUSE

Mrs. E. C. Madsen, Prop.

We have a variety of flowering plants to set out, including stocks, asters, daisies, anemones, pansies, etc. Good strong plants. Come and get yours while they last.

## THE BUDGET GAME

By T. B. Windsor

The newspapers of Canada have been burning space during the last week on the budget, presented to Parliament by Hon. C. A. Dunning.

Out of the rack of conflicting opinions and comment on the new financial measure, there has flooded the press, two pronounced views. One is a good budget, and the other is a bad budget.

Perhaps the outstanding characteristic of the budget is that it is undoubtedly an election measure. But even at that some of its features are undeniably remarkable. The news dispatches from the capital for weeks have been promising surprises and they appear to have had more than ordinary good grounds for the assurance.

Like a jack-in-the-box, as regards their unexpectedness, some of the budget provisions fairly take one's breath away with surprise. Rarely in this history of political navigation and party platform building has a government made such diametrical turns from its traditional and boasted policy as this budget reveals.

Of all unexpected things that could happen the most unlikely to the western mind, at least, is that a budget of the kind which would produce a fiscal program that includes so many high tariff proposals.

There is something almost uncanny about the complete volte-face the government has made. The object has clearly been to meet a changed situation that threatened the very continuation of the Liberal tariff policy and government through the action of Washington in its tariff legislation.

Few politicians and statesmen have been able successfully to make such complete transformation, some of their avowed political outlook as the government has accomplished at the hand of Mr. Dunning.

If the bare statement of the government's fiscal program is correctly stated in the press, and there is little possibility now that it isn't, its changes are such as to mark it as a feat of quick counter change on the political stage. The late Joseph Chamberlain appears to have lost his title the designation, "chameleon."

His policy counter change more swiftly or unexpectedly according to situation than has Mr. Dunning.

In no respect, except possibly its increase of British preferences, can the budget of the free trade finance minister be described as a free trade enactment or proposal.

There is a comic side to the budget too. "Stolen Thunder" might well be the title of an scenario based on the political situation in Ottawa. The Conservatives at Ottawa are grinding their teeth and inveighing against the alacrity of their Liberal opponents.

What is left for Mr. Bennett and his following to fix upon as an election battle cry? The very gospel the party has preached in season and out of season, from coast to coast, has now been proclaimed by the Liberal premier, Mr. Dunning.

As the week closes the Conservative leader and his lieutenants seem to be in a quandary.

But there is one feature of the situation which must give the Conservatives satisfaction, and which will carry weight with the electorate, the budget in its countervailing features and its numerous higher duties, is an acknowledgement that the national policy of the Conservatives is well and wisely founded.

The Dunning budget is a compliment in very large measure to the Conservative policy, and in large measure an acknowledgement that the extreme free trade policy of a section of the Liberal party is a mistake.

But Mr. Dunning would disclaim this statement. He disclaims the charge that the government of Canada is entering into any sort of tariff war with the United States. He offers to reduce the Canadian duty on these imports, providing the other country, where high duties exist against similar products, will reduce its tariff also. Now mark the ingenuity of the scheme—but the Canadian tariff is first of all to be raised to the level of that of the other country.

On the face of it, it is fair, but it is retaliatory nevertheless in the light of recent legislation at Washington. If Mr. Dunning does not call this retaliatory legislation, he should be a theologian. He is as clever at coming phrases to cover simple facts as any one of the theological gentlemen of the 18th century.

It is retaliation, but Mr. Dunning says it is a generous and brotherly compromise with the other party. In the plain language of the street it is a case of "passing the buck."

The finance minister, his leader in the Liberal orchestra at Ottawa are endeavoring to produce music that will combine the lively time of the old-fashioned polka with the stately waltz, the two steps of the east with the fox-trot of the west with out spilling the effect.

The eastern industrialists demand protection against American tariff onslaughts and the western agriculturists demand unrestricted trade opportunities without the artificial tariff barriers of the east. Mr. Dunning is wading in his amphibious

or he always has been loudly so. Mr. King is in the habit of keeping his eye well lighted toward the eastern industrial support that comes to him as Sir Wilfrid Laurier's successor in Quebec Liberalism.

These gentlemen surely must find it difficult to serve two masters. Once upon a time, it is said, a man tried to do so on two horses at the same time. He succeeded in sitting on neither in the end. The Conservatives are predicting this end for the Liberal regime. But it is not clear that Mr. Mackenzie King and Mr. Dunning will continue to attempt the double seat always. It is a safe prediction that they will, providing they do not fall, end up by sitting on the one stool or the other, the one is not likely to be protection, as far as the finance minister is concerned.

The new budget proposals may act as a smoke screen for the purpose of belouging the real issue of the election, but once the election is over the veil will be clear again and it may be that Mr. King will still rise in power. The budget is a mighty election lever and it takes the leverage out of the hands of Mr. Bennett and his supporters to a large extent, it would seem.

But the reply of the opposition to Mr. Dunning's music will be played in parliament when the debate opens in earnest. What answer that saintly leader, Mr. Bennett will make is not yet known, but he is successful and capable and well able to meet the situation, it is argued by critics of the budget.

The features of the new budget that mark it as an election measure have given color to the election rumors that have found room in the newspapers for some time. The latest prediction from Ottawa is that an election will take place in August.

Premier King is known to desire a mandate from the nation before he attends the imperial conference in London during September. He is likely to seize the most favorable opportunity during the debate on the budget to announce his appeal to the country with the budget, this strong election measure as the basis of his policy.

Just at present a very keen game of politics is being played at Ottawa and those on the sidelines are likely to see every living thrusting and counter thrusting before it is ended. The Conservative chief will have to play very warily against the Liberal leader if he is not led into playing the hands of his opponent.

The danger to the Conservative prospects in the budget debate is that it contains so much that they have advocated as the popular and patriotic policy that to criticize it, to say nothing of condemning it would be fatal. Mr. Mackenzie King will endeavor to put the Conservative party in a false position, the news on the budget would indicate, and should Mr. Bennett or any of his lieutenants fall into the trap that has been laid for them the pull in the election tug-o'-war would be on the end of the rope the Liberals are holding.

The budget has sufficient low tariff features to hold the hatting vote, and enough high tariff features in its countervailing proposals to gratify and retain the doubtful east. Altogether its provisions as outlined in the news of the day mark it as a clever piece of political maneuvering.

In it Mr. Dunning and Mr. King, for it is not to be supposed that the budget is Mr. Dunning's work alone, have endeavored to be "as wise as serpents and as harmless as doves."

The measure to the success will be known when the votes are counted on election day which events indicate is coming.

## RAINBOW TEA

A Rainbow Tea under the auspices of the L.O.D.E. will be held on Saturday afternoon, May 10th, from 3 to 6, in the Church Hall. An interesting musical programme, featuring prominent artists has been arranged for the afternoon. It is hoped that there may be a large attendance as the proceeds of the tea will be used for the L.O.D.E. Lacombe School Scholarships.

SYNOPSIS OF 3rd MEETING OF COUNCIL, M.D. BLINDMAN

The third meeting of the Council of the Municipal District of Blindman, No. 430 was held in the High School building on Saturday, May 3rd, 1930. All Councillors were present. After the reading and acceptance of the minutes of the previous meeting, the statement required by Section 82 of the M.D. Act was exhibited on the blackboard and also the amounts expended divisionally to date.

The Secretary gave a report on the progress of the hospital at Rimbey and the Municipal District; the acceptance of our indigent patients at a rate. There was a verbal understanding which was working at present, but no definite arrangement had been entered into whereby the Municipal District would be responsible only for those indigent patients that entered this particular hospital. The matter was left for further consideration and a secretary was instructed to go into the matter to consider the advisability of introducing a by-law in this particular.

Correspondence was read re: (David Leslie, Hospital Bill, tabled for present); (John Alexander) tabled excepted; (S. E. 9-42-28-4th Allowed); (Bentley Home for charity—Policy of M.D. to contribute to no charitable institutions); (Olmstead Compensation Board; payment of 1.50 Optical Co. and notation of monthly pension of \$19.07 for life or a cash value of \$139.07); Application from Sid Cross as inmate on power outfit, (not required); (Offer of Department of Public Health to supply preventative sera from the Hospital at Rimbey, free of charge); (Application Mr. Torgerson for work or financial assistance, assisted); (Application for surveying from Benjamin F. Mitchell and W. E. Zerkow); (Frank Veal, land taken for road, dimensions, awaiting receipt of plans); (A. Mackenzie, particulars of agreement re cattle crop, later consideration); (The habit of farmers' plowing on road allowance, contrary to law); Lease or sale of small three-cornered parcel of land near gravel pit to Mr. Kent. Authority and ownership questionable).

The following motions were passed: That Secretary negotiate with Imperial Oil Co. for purchase of tank and wagon. That Hewitt and Whitehead be a committee of two to pass Capital Grant money and make payment each two weeks. That one cheque be issued to Mr. Jordan covering paychecks for the two-weeks period, on capital grant work. That for each hour in operation of the power outfit, \$4.00 be charged divisionally; \$8.00 for private use within the district, and \$10.00 for use outside the district. That Secretary be authorized to issue a duplicate of a lost cheque No. 74 dated Mar. 31, 1930 to Mrs. Virginia Kirk, Ste-Treuve, Wilmet School District, No. 244 and to have a bond of indemnity signed by officials of S.D. That Secretary be instructed to take out insurance on office building, \$400.00 and contents \$400.00. That a previous motion of March 13th re rate of pay be amended to read Councillors \$5.00 per diem and other changes to comply with recent amendments to the Municipal District Act.

That in accordance with a verbal agreement, Cline and Nelson former directors, Ponoka be tendered cheque for \$36.40 as being payment in full for ambulance bill re Wm. Tucker, June 10th, 1929. That when requested, M. D. provide one measure of access to private property abutting on the highway.

A tractor inspection report was read which showed the tractor to be in the very best condition. Balloting to definitely decide who should be the tractor crew finally elected Paul Goings as engineer and John F. Henderson as grader-man. A motion was also passed for each Councillor to provide a handy-man to go with the outfit while in his district.

Mr. Henderson was elected foreman of the outfit. During the balloting for crew, a motion was put to appoint Gordon Budd as engineer and Paul Goings as grader-man, but was voted down by the Council. Mr. Henderson was also passed that we engage an expert, if possible, to go over the outfit for a few days and that the Secretary be instructed to procure as soon as possible a mill race on the blackboard and explained in detail. They were prepared on the assumption that a ten mill rate would be struck, with a notation of amounts available for each division on an even or twelve mill rate should such be deemed advisable. At the ten mill rate owing to shortage of tax collections in 1929, it was shown that only sufficient for an up-keep would be available divisionally after making care of amounts required to be spent on grant roads, both capital and income. Previously proposed and in some instances considered, necessary work would have to be curtailed. Opinions were divided whether to strike a ten or twelve mill rate. The majority, however, thought that the conditions did not warrant an increased mill rate at this time. Therefore estimates were accepted and authorized given to strike ten mill rate for 1930. This gave divisionally: I, \$1203.86; II, \$2083.60; III, \$3701.25; IV, \$1448.20; V, \$1086.55; VI, \$1163.86.

Bills were passed as follows: Div. I, Nil; Div. II, \$24.00; Div. III, \$142.15; Div. IV, \$21.00; Div. V, \$24.80; Div. VI, \$4.90; Gen. Acct. \$111.79; Tractor acct. \$62.03; Grant acct. \$264.30.

A borrowing resolution passed authorizing the amount of \$700.00. Meeting adjourned at 6.40 p.m. to convene again on June 7th. W. A. Saunders, Sec.-Treas., M.D. 430.

tion Board; payment of 1.50 Optical Co. and notation of monthly pension of \$19.07 for life or a cash value of \$139.07); Application from Sid Cross as inmate on power outfit, (not required); (Offer of Department of Public Health to supply preventative sera from the Hospital at Rimbey, free of charge); (Application Mr. Torgerson for work or financial assistance, assisted); (Application for surveying from Benjamin F. Mitchell and W. E. Zerkow); (Frank Veal, land taken for road, dimensions, awaiting receipt of plans); (A. Mackenzie, particulars of agreement re cattle crop, later consideration); (The habit of farmers' plowing on road allowance, contrary to law); Lease or sale of small three-cornered parcel of land near gravel pit to Mr. Kent. CLYDEDALE STALLION FOR EXPERIMENTAL

Horsemen in Alberta will be pleased to learn that the Dominion Experimental Station, at Lacombe, has received from the Experimental Farm at Indian Head, Saskatchewan, the purebred Clydesdale stallion "His Majesty".

The horse was bred at the Dominion Experimental Farm, Indian Head, where the Dominion Government maintains a large stud of breeding Clydesdales under the management of W. H. Gibson, Superintendent of the Farm. "His Majesty" is a low set, deep bodied and compact, with good ribs, and outstanding breeding quality and action. Although only rising five he has an enviable record as a breeder and in the past has been shown in America.

In 1925 he was First Prize stallion at the Regina Summer Fair, and the following year he was again First in his class as a yearling, and Grand Champion Clydesdale stallion in the Show. In the fall of 1928 he stood second in a strong class at the Royal Winter Fair, Toronto. At the "International" at Chicago in 1927 he was first in the two-year-old class, and Reserve Junior Champion.

The sire of "His Majesty," Dunmore Norman, stood at stud at Dunmore, Maine, Scotland, along with the famous Dunmore Footprint, and Auchensflower. Dunmore Norman was imported by Ben Finlayson of Brandon, Manitoba, and sold to a Saskatchewan breeder for \$6000.00. In 1923 he was shown at the Regina Summer Fair, where he was placed first in his class, and was Grand Champion Clydesdale stallion of the Show.

Dunmore Norman's dam, the dam of "His Majesty," was first as a two-year-old at the Regina Summer Fair in 1917. At the 1925 Regina Summer Fair, when ten years old, she was First Prize brood mare, and Grand Champion female.

The breeding of both Dunmore Norman and Moss Rose traces back to Sir Edward, Top Gallant and Darnley. There is also a double cross of the famous Danvers's sire in the pedigree of both the pride and dam of "His Majesty."

This stallion will stand at the Experimental Station at Lacombe, where there are now seven purebred Clydesdales mares, and a number of good grade mares. He will also be available for a limited number of outside mares, both graded and purebred.

The Ladies' Golf Club will hold a tea in the Club Room on Saturday afternoon, May 24th—the first of the season.

CITY MEAT MARKET

Having bought an interest in the City Meat Market, this about will give to the public the choice of fresh and cured meats and the best service possible. The shop is clean from top to bottom, and we have installed the Firebrand which safeguards the food you buy from fire.

S. Wilson.

Mr. S. Wilson is a partner in the City Meat Market, and all accounts must be in by June 1st.

With a prepared acreage greater by 31 per cent. than that of 1929, a better moisture situation and other indications pointing generally good conditions for the year, the Canadian West is now busy seeding, according to the latest report of the agricultural department of the Canadian Pacific Railway.

Nearly 128,000,000 was voted by the Ontario Legislature recently for hydro-electric development work to be undertaken this year in the province for the Ontario Hydro-Electric Commission, a provincial government organization. Over \$18,000,000 is to be spent on the extension of the Niagara hydro system, upon which many millions have already been spent to provide cheap electric power over a wide area of rural and urban territory.

There is a very large amount of capital in England ready for investment and it is felt in that country that it should go to Canada. The provincial parliament has enacted the legislation making this flower which grows so profusely all over Alberta, the provincial symbol. Choice of the emblem was put up to the school children of Alberta and the wild rose captured most votes, with the tiger lily next in favor.

## Firestone GUM-DIPPED TIRES FOR EVERY PURSE

Four new game refuges adding 500 square miles to the existing 640 square miles of game sanctuaries in New Brunswick are to be established in that province for the purpose of preservation of the game supply, according to information given out by Hon. Charles D. Richards, Minister of Lands and Mines.

Fish caught by commercial fishermen in Canadian waters last year had a value of about \$55,000,000. Over 100 countries bought fish and fish products from the Dominion in 1929 valued at \$53,000,000. More than 80,000 persons find employment in Canada in the fishing industry.

The wild rose is now the floral emblem of the province of Alberta. The provincial parliament has enacted the legislation making this flower which grows so profusely all over Alberta, the provincial symbol. Choice of the emblem was put up to the school children of Alberta and the wild rose captured most votes, with the tiger lily next in favor.

Homestead entries taken out through the Dominion Land Office at Edmonton during the month of March last broke all records for that month with a total of 277 homesteads and 19 soldier grants which compares with 230 homesteads in March, 1928, the previous record March.

Contrary to the general impression, Canadian investment in the United States are greater, per capita, than American investments in the Dominion. An official statement just issued shows that the average Canadian has \$100 invested in the United States and the average American about \$15 invested in Canada.

Something more than appearance will be necessary for grain to win a prize at the World's Grain Exhibition in London, England, which is expected, to be in demand for seed. It is because of the importance of the seed of the grain in color. Priced very cheap if sold at once. Apply to Ethel Smith, Box 157, Lacombe or call and see the ponies. 2-1-2 miles N.E. of Lacombe.

## PREMIER BROWNLEE GUEST OF LACOMBE

Thirty delegates, representing Town Councils, Boards of Trade, Town Planning Commissions and Improvement Clubs, in the various surrounding towns, attended the Convention on Town Planning held in Lacombe on Thursday afternoon, May 1st, as follows:

Hon. Irene Farley, Alia;  
W. E. Zinkin, Edmonton, Engineer;  
A. McCaskell, Sylvan Lake, Council;  
Thelma Graham, Sylvan Lake, Improvement Club.

A. M. Steele, Sylvan Lake, Improvement Club.

R. M. Longstreet, Clive, Council.

Dr. W. A. Henry, Bentley, Board of Trade.

J. B. McPherson, Bentley, Board of Trade.

Percy E. Thorp, Bentley, Board of Trade.

R. B. Garries, Bentley, Council;

Herbert Thorp, Bentley Council;

H. C. Hopkins, Bentley, Council;

H. C. Peterson, Bentley, Council.

A. B. Hasted, Bentley, Reeve Municipality Lorne;

H. A. Brownlow, Bentley, Dept. Reeve, Mun. District Lorne.

G. H. Stephenson, Bentley, Municipality Lorne;

S. P. Laney, Red Deer, Town Planning Commission.

C. H. Snell, Red Deer, Engineer.

W. W. Sharpe, Stettler, Board of Trade.

H. C. Allen, Stettler, Board of Trade;

J. H. Duckworth, Stettler, Council.

W. J. Adams, Stettler, Board of Trade.

A. M. Campbell, Aspen Beach, Reeve;

R. W. Manley, Wetaskiwin, Chairman Town Planning Commission.

W. H. Odell, Wetaskiwin, Town Planning Commission.

C. Boyer, Wetaskiwin, Town Planning Commission.

Dr. E. M. Sharpe, Lacombe, Town Planning Commission.

C. A. Killam, Camrose, Council.

J. H. Code, Camrose, Council;

C. R. Pearson, Camrose, Council.

J. D. Saunders, Camrose and Union of Alberta Municipalities;

Geo. W. Holton, Lacombe.

W. C. Sweet, Lacombe.

Mayor G. T. Jackson, in extending a cordial welcome to all visitors felt that Lacombe was highly honored in having this convention called here, and congratulated the Alberta Government on the town planning scheme they have developed.

Chairman G. E. Delong, after outlining the program for the afternoon, turned the convention over to H. L. Seymour, Director of Town Planning in Alberta, who dealt in

some detail with the problems concerned in the System of Highways, Recreation facilities and Parkways and Zoning.

The location of the main highway, Mr. Seymour felt was of great importance, and stated that when a permanent service is being given the smaller centres will be passed by. The theory of a highway through town drawing business has been exploded and there is no good reason why this increasing traffic should be directed through the busiest section of the town.

Speaking of recreation facilities and Parks, Mr. Seymour said that while many people felt that Lacombe was rather poorly laid out this very feature could often be used to good advantage. With the aid of maps he pointed out the suggested plans for improvements in Lacombe and satisfactorily answered all questions put to him. Under zoning classification, he recommended compact residential districts with lots 50 x 100 ft. and prescribed building lines. Power is given Councils to refuse permits to build out of the district served by utilities. Illustrating his point he cited cases in Peace River, where in some cases farmers had sold lots outside the town limits which now presented a serious problem. He also advised limited commercial or business centres, but generous industrial districts, and recommended that the streets be 100 ft. wide and lanes a minimum width of 20 feet.

W. E. Zinkin, described the maps of Grande Prairie and went into some detail regarding their problems. He mentioned the necessity of having a permanent set of grades for streets, and felt that all town planning should be done in close conjunction with an engineer. The plans for for improvements at Aspen Beach, Gull Lake were then displayed and explained by Mr. Seymour. He pointed out the suggested parking system by which anyone may remove his car without disturbing other parked cars. Some discussion brought out the fact that under the existing act there may be appointed a Parks Act whose duty it will be to act on information accumulated by committees last year. In any particular a local Board may be established if desired.

The party then repaired to Aspen Beach Gull Lake, for a tour of inspection and upon their return to Lacombe, sat down with about 150 other persons, to the Board of Trade Banquet, at which Premier Brownlee was the guest of honor. During the banquet the guests were royally entertained by a splendid musical programme provided by the Canadian

Junior College. A mixed quartette and ladies quartet were especially enjoyed, and the hearty applause attested the pleasure of the audience.

Mayor G. T. Jackson extended a hearty welcome to Premier Brownlee, the Hon. Irene Parby and other visitors, and the Hon. Irene Parby expressed her appreciation that Premier Brownlee had found time to pay this visit. Mr. DeLong felt proud of the privilege of being chairman of such a distinguished gathering, and Mr. Seymour signified his pleasure at the leadership Lacombe is taking in the matter of town planning. Rev. R. B. Layton, Convenor of the Board of Trade Educational committee and who fostered the idea of a Musical Festival in Central Alberta, explained that the aim of the festival is to give everyone an incentive to study music, and a meeting is being called for Monday, May 5th, for the purpose of making further arrangements regarding the festival. Mr. Layton also announced "The Arrival of Kitting," a play being given in the surrounding towns early this month for the benefit of the boys and girls' camp at Meridian Beach.

Mr. DeLong in introducing the audience to Premier Brownlee, mentioned some of the more outstanding features of the district, such as its being one of the best livestock and grain producing districts in Canada; the possessor of the only woman legislator in Alberta, and also have one of the greatest premiers of any province in the Dominion.

Premier Brownlee congratulated the Board of Trade on the magnificent work they have been doing in furthering co-operation between the town and the country. Comparing Alberta to a youth who has just attained to his majority and received his patrimony, Mr. Brownlee felt that the future of the province depended largely upon the wisdom used in the administration of its affairs at the present time, and emphasized the tremendous responsibility incurred by the taking over of the natural resources. While in the last two generations there has developed an entirely different conception of what a government more than the crystallization of public opinion, and there may be good or bad government just as public opinion is formed wisely or foolishly.

Of the important problems which the people must face, the Premier mentioned first, the present depression. He reviewed the swing of the pendulum forward and back throughout the last dozen years, the high tariffs on wheat put up by several importing countries and the consequent deleterious effect on Western Canada and he felt that this is not a day for recrimination but one for profound thought and study. The

day will come when these tariffs will have to be removed, but in the meantime a period of readjustment must be faced, and much of the result will depend on the way boards of trade link up with the best thought in agriculture.

Going into the question of the Natural Resources, which really constitute a group of problems, i.e. land settlement and immigration, Mr. Brownlee felt that any action taken at the present time would determine how far back the pendulum should go on its next swing. Immigration, which is now under the sole control of the province, ought to be regulated according to our power of assimilation; and full responsibility now rests on the province for any mistakes made in unemployment or over-production.

Last, but not least, the Premier spoke on Alberta's heritage of beauty, to the West the mountains with their lofty snow-crowned peaks looking down upon us; to the North immense areas of undeveloped resources; to the East, the wide stretches of prairie calling to us not to be narrow and mean; and to the South, a people forming one of the great nations of the world. Speaking of the influence of environment upon children, Mr. Brownlee said that studies had proven that where park play grounds had been established juvenile crime and delinquency had greatly diminished. He hopes within the next ten years to see the fulfillment of his dream of establishing a beauty spot and play ground within the reach of every man. We must keep faith with the ideal of beauty, said the Premier, and placed this as the third challenge before the Board of Trade.

F. H. Reed, Superintendent of the Experimental Farm, in seconding W. F. Puffer's vote of thanks, said that on his many trips to the East, he found that the people there looked upon Alberta's Premier as one of the outstanding men of Canada today. The farmers of Western Canada, have been great builders, but one of the best things they had done as to find Premier Brownlee.

## Recital Friday Evening

Remember the "Recital" in the United Church at 8:15 on Friday evening. Pupils who passed examinations last year will be presented with their certificates. The platform will be beautifully decorated by Mr. Berggren as a Spring scene. Everyone will enjoy hearing Madame Boissonault and seeing her old fashioned French costumes. It will be a most interesting evening. Come early and secure good seats.

## For Warm Weather!

Spring is here, the days have lengthened and the sun will soon make everyone wish for cooler garments. We have just opened out our Spring and Summer stock of lighter goods for men, in the line of underwear, trousers, hats, caps and hosiery. Come in and look over our stock and get our prices.

## Summer Underwear

We have the famous Hatchway, than which there is no better, and we have priced them right.

Combinations \$1.25
